Meet BioChek, SMART Veterinary Diagnostics

BioChek is a veterinary diagnostic company that specializes in diagnostic kits for the Poultry (and Swine) industry. These diagnostic test kits provide information about the health status of poultry flocks (and swine herds) allowing producers to take corrective action when the assay(s) indicates a health problem.

Overview of poultry products and services*

ELISA TEST KITS POULTRY

Catalogue number	Product	
CK108	ORT ELISA	Ornithobacterium rhinotracheale Antibody test kit
CK109	Mm ELISA	Mycoplasma meleagridis Antibody test kit
CK110	REO ELISA	Avian Reovirus Antibody test kit
CK112	EDS ELISA	Egg Drop Syndrome Virus Antibody test kit
CK113	IBD ELISA	Infectious Bursal Disease Virus Antibody test kit
CK114	Mg ELISA	Mycoplasma gallisepticum Antibody test kit
CK115	Ms ELISA	Mycoplasma synoviae Antibody test kit
CK116	NDV ELISA	Newcastle Disease Virus Antibody test kit
CK117	Salm Gp D ELISA	Salmonella Group D Antibody test kit
CK118	Salm Gp B ELISA	Salmonella Group B Antibody test kit
CK119	IBV ELISA	Infectious Bronchitis Virus Antibody test kit
CK120	ART ELISA	Avian Rhinotracheitis Antibody test kit
CK121	AI ELISA	Avian Influenza Antibody test kit
CK122	NDV-F ELISA	Newcastle Disease Virus Antibody Test Kit
CK123	AE ELISA	Avian Encephalomyelitis Virus Antibody test kit
CK124	ILT ELISA	Infectious Laryngotracheitis Antibody test kit
CK125	REV ELISA	Reticuloendotheliosis Virus Antibody test kit
CK126	CAV ELISA	Chicken Anemia Virus Antibody test kit
CK131	BLS ELISA	Big Liver and Spleen Disease Antibody test kit
CK132	FAdV ELISA	Fowl Adenovirus Group 1 Antibody test kit
CK133	CAstV Gp B ELISA	Chicken Astrovirus Group B Antibody test kit
CK215	Mg/Ms ELISA	Mycoplasma gallisepticum - synoviae Antibody test kit
CK218	Salm Gp B/D ELISA	Salmonella Group B and D Antibody test kit
CK301	AI (ag) ELISA	Avian Influenza Antigen test kit
CK401	InfA Multi ELISA	Multispecies Influenza A Antibody test kit
CK422B	ALV (ag) ELISA	Avian Leukosis Virus Antigen test kit

*As an innovative company BioChek develops and introduces new tests regularly. Please check our website for the most current overview of all test kits available.

ELISA REFERENCE CONTROLS

Catalogue number	Product
CR100	Pre-diluted Reference Control
CR300	Freeze Dried Reference Serum
CR400	Freeze Dried Negative Reference Serum

PCR TEST KITS POULTRY

Catalogue number	Product	
CP101	Mg-Ms PCR	Mycoplasma Gallisepticum-Synoviae DNA Test Kit
CP102	NDV PCR	Newcastle Disease Virus RNA Test Kitt
CP103	H5-H7-H9 PCR	Influenza A H5-H7-H9 RNA Test Kit
CP104	ILT PCR	Fowl Laryngotracheitis DNA Test Kit
CP105	ORT PCR	Ornithobacterium Rhinotracheale DNA Test Kit
CP107	Se-St-Sh PCR	Salmonella Enteritidis-Typhimurium-Heidelberg DNA Test Kit
CP108	IBV PCR	Infectious Bronchitis Virus RNA Test Kit
MP101	InfA PCR	Influenza A RNA Test Kit
MP102	Spp-Se-St PCR	Salmonella Species-Enteritidis-Typhimurium DNA Test Kit
MP103	Campy PCR	Campylobacter Coli-jejuni-Lari DNA Test Kit
MP104	Salmonella PCR	Salmonella Species DNA Test Kit

PCR standards are available for all our kits

Why choose BioChek?

The complete package of BioChek offers you a tailor-made advanced diagnostic service. It includes:

- An extensive and varied range of ELISA and PCR tests for poultry (and swine), with reference controls for ELISA and standards for PCR included. Our innovative R&D team continuously works on the development of new tests, in close consultation with poultry (or swine) professionals.
- The unique BioChek Monitoring Software package that enables you to manage your data in an easy and reliable manner, analyse trends and compare data using customized reports. The database management program combined with an online database and app gives you 24/7 access to completed results.
- Automated diagnostics with the BioChek ELISA Assay Robot (BEAR). A complete solution for running ELISA - efficient (simply load and walk away), accurate and easy to use.
- A high service level with optimum customer support. BioChek not only provides you with technical support, training and instruction (on site if desired), BioChek's staff is also available to help you with the correct interpretation of results.
